

248 MEMBERS ENROLLED IN CHAMBER DRIVE

Over Hundred Names Added to List by Canvassers Thursday.

REPORT IS INCOMPLETE

Little Expected Today and Tomorrow and No Reports Will Be Made Until Monday Night, Evidence That People Realize Need of Body.

The Chamber of Commerce movement took another big stride in the way of membership yesterday when over 100 names were added to the increasing list. The reports were from practically all the canvassers although a few names were not received. The known total to date is 248.

The executive committee, which is giving much time to the work, and keeping up enthusiasm among the workers, is greatly delighted at the rapidity of the response evinced by those approached for membership. The committee has been very busy in the past few days, and the work is being pushed forward as fast as possible.

There will be little work done in the city today or tomorrow, because of the fact that the majority of persons seem to be bent on attending the school and tomorrow's day for the school. The committee is planning to take up their time, it is hoped to complete the drive Monday.

There has been no slackening up in the part of the canvassers and the steady persistence with which they are sticking to the work is described by the officers as real patriotism, sacrificing time for their own labor in the cause of the community.

There will be no reports filed to night, nor tomorrow night, but all canvassers will meet Monday.

The committee has announced that it is desirous of having representatives from the various trades organizations enrolled to represent their branch and suggests that such a committee be selected by the various bodies.

President Harding Postpones Statement of Views on Bonus

WASHINGTON, May 11.—Transmitted by President Harding of his views on pending soldier bonus legislation to Republican members of the Senate Finance Committee will wait the return of the executive from his trip to New Jersey. It was learned today that the president will not make a statement on the bonus question until he returns from his trip to New Jersey.

President Harding said the president and majority members of the committee will not make a statement on the bonus question until he returns from his trip to New Jersey.

Mr. Harding was also represented as feeling that inasmuch as his letter would be in the nature of a public statement of his position, he should give it most careful study.

PARADE TO PRECEDE OPENING TOMORROW OF INDEPENDENT SEASON

Band and New Automobiles Will Feature Procession of Ball Players and Fans to Ball Park.

All is set for the opening tomorrow of the baseball season of the Connellsville Independents at Fayette Field. The only requisite to an auspicious event is favorable weather.

Preceding the game there will be a parade from the Baltimore & Ohio Y. M. C. A. to the ball park. This will start at 2 o'clock.

A band will lead the procession. E. C. Moore of the Connellsville Buick Company has donated the use of six new Buick cars for the occasion. It is expected there will be a large turnout of fans in cars to boost the opener.

Rumors were circulated yesterday that Shomo, Riddleman and other players would not be on hand. This is false, according to announcement of the management today. Shomo, Riddleman, Patterson and the catcher will arrive at Greensburg at 11 o'clock where they will be met and brought to Connellsville in automobiles.

After the opening game the quartet will travel between the Ohio town in which they are playing and Connellsville by automobile, making an arrangement with the local club. This will enable them to get here earlier each playing day.

Another game has been added to the Coker schedule. Jack Friel's Naumona outfit has been signed for July 29. Booster Day, which had been planned for the opening game, has been abandoned for the present and the regular admission price will be charged, plus the war tax of five cents.

Later in the season a Booster Day will be arranged.

AUTHOR OF PLUMB PLAN FOR RAILROAD OPERATION DYING

By Associated Press. WASHINGTON, May 12.—Relative and friend of Glenn E. Plumb, author of the Plumb plan for government ownership and operation of railroads, was mortally stricken today.

His condition, which was reported yesterday as very serious, following heart affection, was described as worse.

First District Convention of New Union Locals

The first district convention of the newly organized locals of the United Mine Workers of America in the coke region is being held at the Moore Temple, Uniontown, today. The attendance comprising three delegates from each local.

The convention will be addressed by Vice President Fagan of District No. 5, Pittsburgh, and by Organizer William Feeney, who is presiding.

The purpose of the conference is purely to aid the various locals in their organizing work and to teach them the principles and meaning of the United Mine Workers of America. It is expected that the meeting will plan future actions throughout the strike zone and will arrange for an intensified campaign to consolidate the field.

Mount Pleasant Man Pleads to Forgery

GREENSBURG, May 12.—Judge William T. Don, Jr., heard the trial of the forgery and false pretense case from Mount Pleasant in which Collins Thomas was the defendant and M. F. McCully was the prosecutor. The man entered a plea of guilty to the charge.

It was alleged that he signed the name of H. R. Mellon on a check for \$400 drawn on the Youngwood Savings & Trust Company. This term of imprisonment in the workhouse is nine months.

The man entered a plea of guilty to the charge.

SENATE ORDERS INQUIRY INTO STEEL MERGER

Action Follows Reported Consolidation of Big Independents.

By Associated Press. WASHINGTON, May 12.—Federal inquiry into a reported plan for a merger of a number of the largest independent steel concerns including the Bethlehem and Lackawanna Steel Companies was ordered today by the Senate in adopting a resolution of Senator La Follette, Republican, Wis., calling on the Department of Justice and Federal Trade Commission to take steps designed to prevent the combination.

NEW YORK, May 12.—Announcement of the prospective merger of the Bethlehem Steel Corporation and Lackawanna Steel Company which became public in the final hour of yesterday's stock market session resulted in a further spectacular advance of Lackawanna shares at the opening of today's trading.

The first transaction in Lackawanna comprised 4,000 shares at 73 to 74, followed by another sale of 300 shares at 74 1/2 and 100 shares at 75 making an extreme advance of 2 1/2 points. From its maximum figure the stock soon reached two points on profit taking.

Bethlehem Steel did not figure conspicuously in the early movement, gaining only a fraction.

Other independent steels, notably Midvale, were distinctly heavy, probably on the theory that the Bethlehem-Lackawanna deal would detract from the strength of the prospective consolidation of the other companies.

Morgantown Man Is Hurt When Car Skids Into Pole

John J. Neal, 29 years old, of Morgantown, W. Va., a member of the Elk delegation attending the celebration of the 25th anniversary of the Uniontown was injured this morning while being taken on a sight-seeing tour over the mountains.

As the machine in which he was riding rounded the corner at Turkey Nest it skidded and hit a pole. Neal was caught between the car and the pole. He suffered a compound fracture of the left thigh, a fracture of the left leg and lacerations and bruises of the head and body. The accident occurred at 11 o'clock this morning and at 2:30 o'clock he was still unconscious at the Uniontown Hospital.

28 Are Killed in Three Months on Grade Crossing

By Associated Press. HARRISBURG, May 12.—One hundred and twelve grade crossing accidents occurred in Pennsylvania in the first three months of the year, according to figures gathered by the bureau of accidents of the Public Service Commission, resulting in 28 fatalities.

Last year in the same period 19 were killed. Fifteen killed this year were in automobile accidents.

Largest Shipments Since Strike Began Sent Over Southwest

The largest shipments of coke over the Southwest Branch of the Pennsylvania Railroad since April 1 when the strike of coal miners began, was made Thursday. Two hundred forty-one cars of coal and 129 cars of coke were moved.

Shipments for today on the same branch were 621 cars for coal and 141 for coke.

Confess Bank Robbery. SAYANNAH, Ga., May 12.—John Yadenman, alias J. W. Hollis, and Bertha Fern Yadenman have made a clean breast of the robbery of the Chase National Bank in New York City of \$500,000 in securities, according to detectives who have been working here on the case. They added that the \$500,000 worth of bonds still missing probably would be recovered within a few hours.

ASK "Atrocities" Be Stopped. SCRANTON, May 12.—A resolution urging Governor Sprout to "immediately stop atrocities" which it alleges are being committed by coal and iron policemen in Somerset, Cambria and Indiana counties was adopted today by the Pennsylvania State Federation of Labor. A telegram containing the resolution was sent to Governor Sprout.

The banquet of Troop 5 will be held in place of the Scouts' regular meeting, starting at 7 o'clock. The meeting of Troop No. 3 has been postponed to tomorrow.

KNOCKOUT OF LEWIS RESULT OWN BLUNDER, DECLARES REFEREE

Failed to Protect Himself in Coming Out of Clinch; Carpenter's Blow Delivered Fairly.

LONDON, May 12.—The blow which George Carpenter knocked out "Kid" Lewis in the first round of the championship bout last night was legitimate in the judgment of referee experts who reported the fight. Critics of "Kid" came from all parts of the Olympia Auditorium when the final blow was struck. Joe Palmer, referee, is quoted in the Daily Telegraph as saying: "The blow was perfectly fair. The man had broken from the clinch and it was Lewis' business to protect himself. This he failed to do."

It is asserted by some newspaper writers that Lewis had several times delivered similar blows and his failure to protect himself is considered an amazing blunder.

LONDON, May 12.—An agreement for George Carpenter and Jack Dempsey to meet in London or Paris before next May has been reached by Jack Kearns and Francois Desamps. Kearns told the Associated Press today. The two managers agreed to leave the promotion of the event to the parties offering the best terms.

LOS ANGELES, May 12.—Joss Willard, heavyweight boxer, mentioned as a possible opponent of Jack Dempsey, is not seeking a return match with the champion, according to a statement attributed to Willard today by a local newspaper.

Dawson Conductor Waylaid and Robbed in Cleveland Street

DICKERSON RUN, May 12.—M. J. Gibbons returned to his home at Dawson last evening after attending the Order of Railway Conductors' convention in Cleveland. While there he had a very serious and exciting experience.

While returning to his hotel from the convention Mr. Gibbons was waylaid by a negro and knocked unconscious. He lay on the sidewalk for an hour before he was discovered. He had been snatched and choked until his throat was so sore he could hardly swallow. His money and watch were gone.

The police located the watch at a pawn shop where it had been disposed of for \$8. It was valued at \$75.

Airships for Navy Plan for Next Year

WASHINGTON, May 12.—Plans for complete equipment of the fighting fleet with aircraft during the coming fiscal year, it was learned today, have been laid before the Senate Naval Committee by Rear Admiral Moffett, chief of the naval bureau of aeronautics.

The program contemplates placing of 1,300 airships on battleships, cruisers and other vessels and is designed to furnish the fleet with its own aerial defense against aircraft attacks.

LAW COMPLIED WITH IN FULL, KEPHART SAYS

Handled \$800,000,000 Former State Treasurer Declares.

HARRISBURG, May 12.—Harmon M. Kephart, former state treasurer, today issued a statement denying that there have been any irregularities in the department during his term of office and asserting that every dollar was accounted for. Mr. Kephart attacks the policy of Auditor General Lewis on issuing sections of the report of accountants who audited the books for his term. In the statement he says:

"Why don't the people who are making all the fuss about my administration as state treasurer come right out and tell the truth about it. Why are they trying to fool the people with details of book entries?"

"I took the office of state treasurer on the first of May, 1917. I fled my hand to secure the Commonwealth against any loss for money which I handled during my term or office as treasurer. I handled over three hundred millions of dollars. Under the law as treasurer I was responsible for the money received. I was not required to deposit it in any banks or trust companies. Under the Act of 1906 if I deposited it in certain trust companies and banks selected by the board of revenue commissioners and not exceeding the amounts as fixed by that law I was relieved from personal liability if anything happened to those institutions. It was distinctly provided in that act that nothing should affect my liability for proper accounting for all money paid to me."

"The law provided that at no time should the combined deposits in the active depository exceed the sum of \$5,000,000 and that the deposits in the inactive depository should not exceed 25 per cent of the paid-in capital and surplus of each, with an overall limit of \$300,000 in any institution. The revenues of the State far exceed the amount contemplated when the Act of 1906 was passed and large sums of money were raised on bond issues over-contemplated by that act."

"Now I am criticized because, when the unusual situation developed and I had so much more money than was expected, it is said I deposited in some banks more than I should, and complaint is made that I carried \$25,000 in cash in the State Treasury Department without depositing it at all."

"There is nothing in the law which required me to deposit the money in banks. The Commonwealth of Pennsylvania furnishes equipment, vaults, safes and a force of employees and watchmen in the Capitol far superior to the facilities of many banks in which deposits were made."

"The Treasury Department settled every day, just as a bank does, and paid out with the Auditor General at the end of the month as is required by law. I paid out money only on orders drawn by the proper authorities. On May 1, 1921, my accounts had been audited and audited and I turned over to my successor every dollar that was owing to the Commonwealth."

HARRISBURG, May 12.—A certified public accountant's report on the audit of the State Treasury during the Kephart term purporting to show state money were not recorded on dates deposited and that the Commonwealth "has an interest that would have been earned if all funds referred to had been deposited in interest-bearing accounts immediately upon receipt, instead of carrying them as 'cash on hand' was sent to Attorney General Alter's office last night by Auditor General Lewis."

The report is styled "Section III," and deals with the manner in which \$728,233.03 paid in four checks by the county treasurer of Allegheny county was deposited between September 10, 1919 and April 15, 1921. The money was all deposited eventually, but the accounts show the last installment was deposited almost six months after the fourth receipt.

The report was made public by Lewis after he had spent a part of the day with ex-Judge E. J. Fox, the special deputy attorney general named to make the investigation. Deputy Attorney General George Ross Hill and accountants and members of his staff discussing the first two sections. Following this conference Justice Fox went to the treasury and examined books, some of which will be photographed.

Lewis made no comment on the report, which is a voluminous affair, showing the way various checks were received and funds deposited.

It is charged in the report that at one time the money undeposited to the interest-bearing account of the state ran over \$200,000. Kephart was not in Harrisburg and none of the state treasury officials would comment.

A schedule showing just how the deposits were made was sent to the attorney general's office by Lewis. Other sections of the report will be issued as they are received and digested. Lewis announced. It is understood Judge Fox will look into them as they are transmitted.

BROWN BOOSTERS, HUNDREDS STRONG, PAY VISIT TO CITY

Motor Caravan Makes Stops in Uniontown and Other Places; Home Town Takes Holiday.

Guy W. Brown, a candidate for the Republican nomination to the State Senate, visited this city Thursday evening as the conclusion of a tour of the county in an effort to create a sentiment in his favor. Brown, accompanied by several hundred boosters, made the trip by automobile, motoring from Fayette City to Brownsville, to Uniontown, to Dunbar and then to this city. Arriving here about 5:30 o'clock the party dined and before leaving for home staged an automobile parade, featured by red lights.

There was no speech making. A band and a quartet in the delegation furnished all the amusement, several numbers being rendered at Brimstone corner.

There were 50 automobiles in line. Each bore a large sign advertising Brown for the senatorial nomination. The arrival of the caravan was heralded by the blowing of horns and the playing of the band. All the principal streets were paraded before the crowd returned home.

MINE BLOWN UP NEAR PITTSBURG, 12 MEN ARRESTED

PITTSBURG, May 12.—Twelve men were brought to the county jail last noon, having been arrested by deputies after the Peterman coal mine in Penn township had been blown up and a demonstration made against the Schenck mine nearby.

The Peterman mine had not been operating but the Schenck pit has continued work. No charge was placed against the men and it was said at the sheriff's office that they would be questioned before further action was taken. The trouble started before daybreak when the entrance to the Peterman mine was destroyed by a charge of dynamite, said to have been exploded by men who went in automobiles from other mines.

J. H. Peterman, owner of the mine, notified the county authorities that the men assembled in front of his house and he heard them plan to blow up the Schenck mine. Deputy sheriff was hurried to the scene and made the arrests near the Schenck property, some of the prisoners being brought to Pittsburgh in their own automobiles.

The men were arrested near the Schenck property, some of the prisoners being brought to Pittsburgh in their own automobiles.

Sinclair Is Out of Contest for Senate Nomination

Duncan Sinclair, candidate for State senator, announced yesterday his withdrawal from the race for the nomination at the primary election Tuesday. His statement reads:

"To the Republican Voters of Fayette county: I hereby announce that I have withdrawn from the contest for the nomination on the Republican ballot for senator of the 32nd District of Pennsylvania, and ask my friends not to vote for me at the primaries to be held on May 16. I do wish to thank every voter for any encouragement given me in candidacy and it is only for the best interests of the Republican party that I withdraw from the contest."

Thousand Appeals From Assessments On Coal, Somerset

SOMERSET, May 12.—More than 1,000 appeals were filed at the probate judge's office this week by coal corporations from the valuations placed on land by the county commissioners for the triennial assessment. Separate appeals were filed for each mineral tract.

The appellants claim that the assessment was not made by the qualified assessors of the county, but by the county engineer; that the valuation of the land was arrived at by considering the supposed quality of the coal which might be produced from the land and as mined and upon the market, and not as coal in place; that full notice of the assessment was not given; that the valuations of the real estate of the operators is not uniform with the valuation of other real estate in Somerset county; that the appellants will be required to pay more money than they should legally be required to pay and that the assessment is illegal and void.

MAKING CONNELLSVILLE THE BEST TOWN IN THE STATE

Careful readers of the story of how Shawnee, Okla., won the \$2,500 prize as the best city in that state in which to live and rear a family, have no doubt observed that in physical equipment the western city does not have many advantages over Conneltsville. With the exception of the university, and the industrial school of which Shawnee rather proudly boasts, Conneltsville's educational facilities are quite as good and the school plants, public and parochial, are no less modern and complete. We have equally as good a Carnegie Library which is used so extensively as a supplement to the schools that we really have no need for individual libraries in the school buildings. Shawnee has some school activities and auxiliary school organizations, such as parent-teacher association, which we do not have, and there is closer cooperation between the schools and the Boy and Girl Scout and Camp Fire organizations than here.

Connellsville does not have as many churches as Shawnee but in architecture and equipment we are perhaps not much behind Shawnee. The local Ministerial Association has been an active organization and as much in the forefront as a leader of the moral forces as the similar body has been in Shawnee. The Y. M. C. A. and the Salvation Army have each made useful contributions in their particular fields of endeavor. The local branch of the Red Cross has never ceased to function since its organization in the early days of the war, supplanting the relief of civilian hardships in the peace time for the activities in behalf of the soldiers during war time.

With its general hospital plant and facilities Shawnee is apparently better equipped in this line than Conneltsville, but we have long ago realized our needs in this direction and an effort to supply them has already received attention, but without very much having been accomplished this far.

We have made no progress in the direction of providing parks and close proximity to the mountains offering a better substitute than artificially prepared places of recreation.

We lack Shawnee's "gorgeous and active Chamber of Commerce" but we are just now in the midst of a campaign that will insure such an organization of this character as, we believe, will not cause us to suffer in comparison with the western city as the possession of a five booster organization.

That Shawnee with physical features and equipment very much like our own, has attained the proud position claimed for it, shows that its citizens have had a realization of the advantages it possesses and that they have made intelligent and effective use of them. As a study of its history and its people, and the cooperation of the citizens with each other and with their several agencies for advancement of the welfare of their community, has been one of the outstanding features of the progress Shawnee has made.

We can do all and more than Shawnee has done if we but do it in the way the people of that city have worked together and as we worked together in doing big things during the war. If we revive that spirit and enthusiasm there can be no doubt but that Conneltsville can achieve the same deserved distinction in Pennsylvania that has been attained in Oklahoma and that it is the best town in which to live in the state.

TRYING YOURSELF A REAL BASEBALL FAN

Through the efforts of a few ardent lovers of the sport, and the support and cooperation of the fans, baseball was restored to its importance as a summer athletic activity in Conneltsville last year. The prospects are bright for even a more successful season this year. It will be assured that the spirit of the city remains loyal to the "ball game." "Good material" has been recruited by the officers of the club. A schedule has been arranged that will afford a series of tests of skill between players such as follows: 1. The "sport" will be interested in witnessing the preparation for the opening game tomorrow, and as a means of providing funds to assist in financing the playgrounds during the summer, the ladies of the Women's Culture Club are engaged in a ticket selling campaign. The opportunity to show your enthusiasm in support of the national game, while also affording the ladies a chance to help the playground work, is a chance which should not be neglected by the people of the city. Giving the ball club a boost at the opening of the season tomorrow, and looking in to help the ladies who are supporting the playgrounds, will help you as a real baseball fan as well as the kind of citizen who is always ready to cooperate in under-taking that which other persons will shirk, small and pleasure.

Tell the truth about it today. Say you are going to the circus because you want to add that you are making the ladies along because you want them to know something of the joy of your own boyhood days.

On the simple Democratic primary held, published by the "New Freedom" argues, there appears like in fiction, "Vote for one (D)." That is to be as the privilege of Democratic voters as, by which their thanks are due the "muckers" who made up the stand in advance of the primary.

Yesterday, the Chamber of Commerce membership campaign would have been an all-out show-off.

Chinese Grass and Rattan

Furniture is something new in Connelville. Many people imagine that rattan and
willow furniture are the same. Rattan, however, is the Chinese importation, brought
direct from Singapore, and is capable of bending double without even cracking. It
possesses, besides, great firmness and strength. Rattan is therefore used for the
lighter ornamental furniture. Each wood has its use, the rattan being better adapted
for working up into the intricate designs, so eagerly sought in modern artistic furni-
ture. We, alone, have this imported Chinese furniture, which is now on display.

During Week April 22**

Amount of revenue freight totaled 14,000 cars during the week which compares favorably with

106,715 during the previous week, or an increase of 7,375 cars. This was an increase of 9,458 cars over the corresponding week last year, but a decrease of 3,688 compared with the corresponding week in 1920.

increase over the week before were reported in the loading of all commodities, including coal, with the exception of coke and merchandise and miscellaneous freight, which includes manufactured products.

Coal loadings totaled 93,445 cars, an increase compared with the week before of 894 cars, but a decrease of 74,944 below the same week in 1921 and 92,320 below the same week in 1920. Coke loadings amounted to 7,509 cars, a decrease compared with the preceding week of 482 cars, but 2,927 above the corresponding week

last year. This was however, 1,075 less than that for the corresponding week in 1920.

Production Turning Point Being Still More Closely Approached as Strike Wanes

Weekly Decline Cut to 2,030
Tons From the Maximum
Of 35,810 Tons.

FRICK COMPANY GAINED

From The Weekly Courier.

The turning point in the tide of coke production, as it has been diverted by the strike, was not reached last week, as seemed probable, but it was still more closely approached. At the time, the regional output kept a full length stride ahead of the corresponding week last year when the industrial depression was spreading its infection of the blues broadcast over the land.

With the weekly decline in output cut down to 2,030 tons from 10,750 tons during the preceding week, and from 35,810 tons during the second week of the strike, the rate of curtailment incident to the strike has been so much reduced that it seems more than probable that the record of the current week will not only mark a definite halt in the downward trend, but also register an upward course in the production curve.

That the effects of the strike on coke production have diminished internally since the maximum was reached in the second week is apparent from the following tabulation of weekly output and weekly decrease in tons:

Week Ending	Production	Weekly Decrease	1921
April 1	140,000	50,000	50,000
April 8	134,420	15,580	34,785
April 15	58,810	15,010	47,220
April 22	54,810	15,000	47,220
April 29	54,330	10,750	47,710
May 6	52,300	2,030	40,000

Total 354,800 97,760 282,500

The foregoing is illuminating in that it shows that notwithstanding the fact that it has been done to stop coke making entirely, production at the end of the fifth week was 34.8 per cent of what it was the week before the strike began, or 4,000 tons, or four per cent. lower than it was during the corresponding week of 1921. The table is also instructive in showing that the period affected by the strike produced 12,000 tons, or 49 per cent. more coke than the same number of weeks in a year ago.

The change last week in the production of further reducing production was the elimination of the plants in the Lower Connellsville district which had operated partially.

It was but 23 active plants out of 24 running on April 1, a loss of 39, or 16 per cent. The successive closings are shown by the following:

In Plant	April 1	April 22	April 29	May 6
Plants	25	24	20	20
Output	140,000	134,420	58,810	54,330
Total	95	10	25	23

During the first four weeks of the strike 11 plants with 7,144 ovens were closed in the Lower Connellsville district. The addition of two plants at the fifth week increased the loss to 13,000 ovens, or 49.3 per cent of the 26,544 in plant on April 1. The number active at different dates were as follows:

In Plant	April 1	April 22	April 29	May 6
Ovens	140,000	134,420	58,810	54,330
Output	140,000	134,420	58,810	54,330
Total	11,882	1,068	4,892	4,892

From the inception of the strike, the loss in the Lower Connellsville district has been much more heavily than in the Connellsville district. It will appear from the following tabulation of output by districts on the dates named:

District	April 1	April 22	April 29	May 6
Connellsville	140,000	134,420	58,810	54,330
Lower Connellsville	140,000	134,420	58,810	54,330
Total	140,000	134,420	58,810	54,330

In the Connellsville district, the loss in production has been 7,760 tons. The share of the Connellsville district has been 40,000 tons of the Lower Connellsville district 17,000 tons. By interests the loss has been 59,000 tons.

At 3,760 tons, the production of the Connellsville district at various periods has been as follows:

Period	April 1	April 22	April 29	May 6
Output	140,000	134,420	58,810	54,330
Total	140,000	134,420	58,810	54,330

The C. Frick Coke Company has been the first and only producer of coke in the Connellsville district to make a noticeable gain in production of recovery from the effects of the strike. Although it suffered a loss of 14.3 per cent of its output during the first four weeks of the strike, it last week made up 14.3 ovens, bringing its production up to 2,828 ovens, or 10 per cent of those in blast.

Further reduction of two plants, however, in the merchant active in this interest, cut out 394 ovens, or 18.4 per cent of those in blast at the beginning of the strike. The net change in the active plants of the two interests are here:

In Plant	April 1	April 22	April 29	May 6
Plants	25	24	20	20
Output	140,000	134,420	58,810	54,330
Total	95	10	25	23

The C. Frick Coke Co. has been the first and only producer of coke in the Connellsville district to make a noticeable gain in production of recovery from the effects of the strike. Although it suffered a loss of 14.3 per cent of its output during the first four weeks of the strike, it last week made up 14.3 ovens, bringing its production up to 2,828 ovens, or 10 per cent of those in blast.

3,000 tons of stock loaded from yards. Estimated production of coke during the week ending Saturday, May 6, was 52,200 tons, credited to the two districts as follows: Connellsville, 47,000, a decrease of 230 tons; Lower Connellsville, 4,800, a decrease of 500 tons, or a total decrease of 2,030 tons, as compared with a decrease of 10,750 tons during the preceding week.

By interests the production was: Furnace, 38,500, a loss of 400 tons; merchant, 13,700, a loss of 1,630 tons, as compared with losses of 9,000 and 1,750 tons respectively during the week ended April 29.

There was a net decrease of 4% in the number of ovens in blast, 149 having been shut up by the Frick company and 193 put out by merchant operators.

A Gift List For Mothers Day

NEXT SUNDAY the whole country will join hearts in celebrating Mothers' Day. Not with idle oratory or vain bombast but by remembering mothers with some little gift that will bring joy to their hearts.

And these Mothers' Day gifts must do two things—they must express, in some measure, the boundless love we all bear our mothers. They must be something that will last that they may express this love not for one day but many.

Gifts for the living—flowers for those who have gone—is the Mothers' Day motto.

Store News today carries a few suggestions for Mothers' Day gifts—all of them appropriate, many of them inexpensive.

Boxed Handkerchiefs
\$1.25 to \$2

Come three in a box and have daintily embroidered corners—either white or colored. Make a gift she'll surely appreciate. Single handkerchiefs 10c up.

—Main Floor

Silk Sweaters
\$12.75 to \$16.75

Black and Navy—in the well-received Tuxedo style—the thing that mothers long for on the porch when evenings are cool. These are beautifully made.

—Second Floor

A Stamped Lunch Cloth \$1.65

The design is very distinctive—all the more so because it is to be embroidered in colors. It's a gift that will last a lifetime. Napkins to match are 4 for 45c.

—Second Floor.

New Handbags are \$2 Up

And here are all the latest materials and shapes to choose from—hand tooled leather, moire silk, patent leather, etc. The bags have beautiful appointments and linings. And they come in many different shades.

—Main Floor

It's Mother's Turn to Get Dressed Up!

Mother's turn generally comes last—after all the children have been outfitted for Spring and Summer. And no matter how economical she feels she must be she can well afford to buy the new clothes she needs now. For modes intended just for her have been gathered together into groups at these low prices—

\$21.50, \$24.50, \$29.50, \$34.50, \$39.50, \$44.50, \$74.00

Included are the clever new Tweed Suits that are so appropriate for a mother who wants to stay young in appearance. Beautiful wraps for afternoon wear—and for cool summer evenings. Every garment that a mother will need to keep abreast of the times.

—Second Floor

Mothers Day Gloves
\$1.50 to \$3.50

Two favored styles are the 12 and 16 button, mosquito-net style that come in new Spring colors. You wear them with short sleeved frocks. Shades are—white, pongee, silver, mode and blue. All have the new tucked cuffs.

—Main Floor

Bedspreads \$5

Here is something for the home—with a distinct appeal to mothers. These spreads measure 72x86 and come in exceptionally firm and even weaves. At \$5.

—Second Floor

One Of These Edison Recreations—

No. 50959—"Swaying," waltz piano solo, and "Who," fox trot piano solo by H. W. Lange.

No. 50960—"Memories of the South," medley fox trot by E. L. Stevens, and "Nola," fox trot by Vincent Lopez orchestra.

No. 50961—"Happy Days," fox trot by Vincent Lopez orchestra and "Georgia," fox trot by Don Parker Trio.

Pretty Handmade Waists Are \$3.95

Beautiful waists in fine sheer voile, trimmed with real Irish lace are \$8.95 to \$19.75. Other handmade waists, less elaborate, are priced as low as \$3.95. Blouses that reflect every modern trend of fashion are \$5.95 up.

—Second Floor

Gay New Umbrellas Are \$10 Up

Umbrellas, these days, do more than keep off rain—they manage to be charming and to add verve to any costume. One comes in navy silk, with two tone handle and leather carrying thong at \$15. Others range \$10 to \$16.50.

—Main Floor

Buy Materials For a Dress!

Where's the thought that will delight her more than this? Enough of one of the new modish silks for her to fashion a dress after her own ideas—just as youthful or just as reserved as her taste will dictate.

Satin Canton \$8.75 Yd.—A beautiful double faced material that can be used both for the body of a dress and for the trimmings (she'll appreciate that economy!) Comes in black, navy and brown.

Krepe Kait \$8.50 Yd.—The rich material particularly becoming to the woman of generous proportions—and therefore likely to be a favorite with mothers. In all new Spring shades and in black and navy.

—Main Floor

Perfumes \$2.50

A dainty bottle of Dior Kiss or of Flance for her dressing table! There's a gift to conjure with! Bottles of Toilet Water are 50c to \$4.50.

—Main Floor

Beautiful Silk Hose \$4.75 Pr.

The pair we have in mind for Mothers' Day is of pure dye silk with a distinctive lace clock woven into them. Easy to wash as a glove and really beautiful! Plain black silk hose are \$3.50 pair.
